PAINT IT, CLEAN IT AND BUILD IT....

The Design Committee has been busy with various projects in our downtown.

The Manheim Downtown Development Group Facade Improvement Program provides grant funding to eligible property owners that are located within the boundary of the Downtown Improvement Area that is part of the Main Street Program. The purpose

of the program is to provide an incentive to building owners to invest funds into improving the visual character of the facade of the building through rehabili-

tations that will contribute to the overall historic streetscape of the Manheim Downtown Area. This Spring, the Design Committee will implement the Planter Program again. This program enables business property owners to purchase planters to display in the front of their building.

Please call the Manheim Downtown Development Group office at 665-1762 or visit our website at www.manheimdowntown.org for more information.
