## STIEGEL GLASS ENTHUSIASTS REVISIT GLASS BLOWING IN MANHEIM

Two original members of the group Stiegel Glass Works 1976, Skip Hetrich and Larry Shank have partnered with the Manheim Downtown Development Group (MDDG) and the Manheim Historical Society to bring back Stiegel like glass blowing

The three non-profit groups has been meeting since early 2008 to plan the set up of existing equipment located in the glass blowing building which is situated next to the trolley barn and train station. Maintenance and repair of the glass blowing building will take place this spring by some volunteer tradesmen. Local artisan

Chip Buckley will be charge of the equipment and to build partnerships with other glass blowers to provide educational demonstrations.

The borough will be celebrating its 250 anniversary in 2012 and the glass blowing will lend value to this historic event. Anyone interested in being part of the anniversary planning or become involved with Siegel Glass Works

A piece of Stiegel Glass  
For more information contact the MDDG at 665-1762

1976 is encouraged to contact the MDDG office. There will opportunities for corporate and individual sponsorship to help preserve this unique experience.
